

Tracy Markie

With more than 25 years of experience in the electronics and control systems fields, Mr. Markie is considered an industry expert, as both an author and nationally recognized presenter. His résumé includes both technical and managerial positions held at Intel Corporation, National Semiconductor, United Technologies Norden Systems, and Tronix Corporation.

Mr. Markie founded Engenuity Systems in 1994, and currently serves as President. His leadership and vision allowed Engenuity to become one of the leading global distributors of networked-control devices. Engenuity currently represents over 20,000 products from more than 100 manufacturers around the world.

A devoted industry advocate, he serves as Chairman of the Board of Directors of LONMARK® International, a worldwide trade organization, as well as Chairman of the Board of Directors for LONMARK Americas, an affiliated U.S. based non-profit organization he helped found.

Recently, the Small Business Association named the Engenuity president "2008 Arizona Small Businessperson of the Year" and the Greater Phoenix Chamber of Commerce awarded Engenuity the "2007 Small Business of the Year." Other recognition includes the Edward Lowe Foundation's prestigious "50 Arizona Companies to Watch" and Arizona Small Business Development Center's "Success" Award winner.

Mr. Markie is very active within the business community and currently serves as a board member and/or advisor to several start-up businesses and actively gives back to the community through service, mentoring and volunteer work.

Mr. Markie holds an M.B.A. from University of Connecticut, a B.S. and an A.S. in Electrical Engineering Technology from the University of Maine.
